We all are familiar with Microsoft Windows 7, it is the most popular OS used by Millions of users around the world and is available in 32 bit and 64 bit editions. Windows 7 is the seventh edition of the Microsoft Windows family of operating systems. It was released on October 22, 2009. Windows 7 is the successor to Windows Vista, which itself was the successor to Windows XP. Windows 7 Home Premium Windows 7 Home Premium is the home edition of Windows 7. It's a product of the core professional and entertainment aspects of Microsoft Windows 7, which is marketed as "The Ultimate Windows desktop". Home Premium is targeted for individual personal home and small business users. Windows 7 Home Premium is bundled with Microsoft Office Home and Student 2010. Windows 7 Enterprise Windows 7 Enterprise is the business edition of Windows 7. It's a product of the core professional and entertainment aspects of Microsoft Windows 7, which is marketed as "The Ultimate Windows desktop". It is targeted for

small and midsize business users. Windows 7 Enterprise is bundled with Microsoft Office Business 2010. Microsoft also bundles Windows 7 Enterprise with Microsoft SQL Server 2008 R2. Windows 7 Professional Windows 7 Professional is the least commercial variant of Windows 7, designed for individual users and personal home installations of server/workstation computers. It's a product of the core professional aspects of Microsoft Windows 7, which is marketed as "The Ultimate Windows desktop". Windows 7 Professional is bundled with Microsoft Office Professional 2010. Windows 7 Ultimate Windows 7 Ultimate is the most commercial variant of Windows 7, designed for enterprise server/workstation installations or for individual non-production desktop/laptop computers. It's a product of the core professional and entertainment aspects of Microsoft Windows 7, which is marketed as "The Ultimate Windows desktop". It is bundled with Microsoft Office Ultimate 2010, along with other features and "value-add" software packages. Compatibility Microsoft Windows 7 Ultimate Edition is not a certified upgrade of Windows XP Professional, but is an eligible upgrade of Windows Vista Home

Premium. Windows 7 Ultimate Edition is compatible with Windows Vista Business, Windows Vista Enterprise, and Windows Vista Ultimate. Installing Windows 7 A Windows 7 installation is straightforward and in most cases, can be complete within 30 minutes. But if your installation fails, it may be time to consider using the Internet to download Windows 7 instead of formatting and reinstalling. Check the serial number and download the appropriate.iso and then direct your CD burning program 6d1f23a050
